

Hastings Public Schools

Student Device Protection Plan

Hastings Public School students in grades K-12 will be issued a student device (Chromebook or iPad) to support and enhance learning. There is no cost to participate in the 1:1 student device program. However, families are responsible for the cost of repair or replacement of damaged, lost or stolen devices. For these reasons, an Optional Protection Plan is being offered to families.

Each school year, families will have the option to purchase or decline the optional protection plan for that school year. The participation cost for those choosing to purchase the Protection Plan is \$25 per student device, per school year. Enrollment in the Device Protection Plan will be provided by the school district for no charge to families that qualify for free and reduced priced lunch.

What is covered under the Device Protection Plan?

- The Device Protection Plan provides coverage for accidental damage, cracked screens, theft (with a filed police report), fire, flood, natural disasters, and power surges due to lightning. The protection plan fee is nonrefundable. This annual coverage begins upon receipt of the payment and ends at the conclusion of the school year (or at the end of the summer if the device remains checked out during the summer).
- Protection Plan Repair/Replacement Fee Deductible Schedule:
 - 1st damage/repair claim: \$0
 - 2nd damage/repair claim: 50% of replacement/repair cost (cost of repair or replacement is split evenly between the family and the district)
 - Additional damage/repair claims: Family is responsible for the full cost of repair or replacement of device and accessories up to \$340.

What is not covered under the Device Protection Plan?

- The Device Protection Plan **does not** cover lost or intentionally damaged devices or damage that occurs if the device was removed from the district issued iPad case (Chromebooks do not have cases).

Families who do not purchase the Optional Protection Plan option will be held responsible for the full cost of replacement and/or repairs. The estimated costs of replacement and the most common repairs are as follows:

Chromebook - \$250 iPad - \$299	Chromebook Charger - \$35 iPad Charger: \$30 iPad Case: \$40	Cracked Chromebook screen: \$40 Cracked iPad Screen: \$120
